Mr. Paul Gilmore will soon appear here in his great New York and London success that English Society Comedy "The Mummy and the Humming Bird."

A critic writes—

PAUL GILMORE'S SUCCESS.

The Opera House was the scene of very genuine pleasure to a large and critical audience last evening when Paul Gilmore with splendid support presented the refined and complex problem play of the "Mummy and the Humming Bird," which was seen here for the first time and was most happily anticipated.

From the rising of the curtain to its last descent there was but the soundest and most complete enjoyment and interest. Mr. Gilmore has risen to a point in his profession never before noted and is now most gladly and freely conceded him, and his offering last night in the profound and alluring role of Lord Lamley won him distinct and lasting standing in this community.

His support was all that could be desired, especially that of Miss Kathryn Hutchinson, as Lady Lamley, the misunderstood young wife whose final peril brought the tremendous awakening to her strangely-mooded husband, and redeemed a desperate situation.

Her conception of the work was very fine and womanly and yielded great pleasure from beginning to end. Paul Merhane as Giuseppe, Mr. Sheas as D'Orelli, both were vivid and strong in their share of the interesting scenes.

Mr. A. D. Liscombe, nephew of Mr. Ed. Fulmer, formerly of Cardston, has joined forces with Mr. Thos. Ott, and in future will work in the Ott Tonsorial Parlors.

The band will give an open air Concert every Sunday afternoon when it is possible to do so and we take pleasure in inviting the Public to attend.

Apostle Joseph Smith, Jr. and Chas. H. Hart of the Seven Presidents of Seventies, will be in attendance at the Taylor Stake Conference on Saturday and Sunday.

We hear from good authority that Mr. Ammon Mercer, who was accidentally shot at Magrath last Friday, has again returned to the Hospital at Lethbridge, as the Doctors were unable to locate all of the bullet.

The silver cup, the baseball trophy given by the Lethbridge Brewing and Malting Co. to the winners of the amateur Baseball championship of Southern Alberta has arrived in town, having at length fallen to the Taber champions and is now on exhibition in the window of the Hammer-Sund Land Company's office on Hough street. All traces of the tears with which the Lethbridge sports plentifully bedewed it on its passing from that city have been removed, and it now shines forth in all its grandeur so that all who wish may see,—Taber Advertiser.

W. A. Buchanan Liberal Standard Bearer

Lethbridge, Aug. 10.—W. A. Buchanan, M. L. A. for Lethbridge city, was the unanimous choice of the Liberals of Medicine Hat constituency in their convention this afternoon to their standard bearer in the present election. Caledonian hall was filled with a cheering crowd of 300 enthusiastic supporters of reciprocity.

The name of Mr. Buchanan was proposed by Dr. W. S. Galbraith of this city. H. A. Driggs of Grassy Lake was nominated by Mr. Robertson, J. D. McGregor of Medicine Hat, and by Mayor Milne of Medicine Hat and E. N. Barker of Cardston by J. W. Woolf, M. L. A. of Cardston. All of these withdrew except Mr. Buchanan, who said he would stand if the party wanted him. His nomination was made unanimous on motion of Messrs. Baker and McGregor.

Mr. Buchanan accepted the nomination in a rattling fighting speech that raised enthusiasm to the highest pitch and he promised to do everything in his power to carry the Liberal standard to victory on September 21st. Delegates were present from all parts of the riding and every one says that reciprocity is the desire of each company. Hon. Senator Peter Talbot, president of Alberta Liberal association, presided and congratulated the Liberal constituency on the splendid gathering of delegates and the enthusiasm they displayed. The report of credential committee showed that there were 159 accepted delegates present, while the number was doubted by those who came from all parts of the constituency to be present at the nomination.

Mr. Buchanan, the candidate, has the solid active support of the whole party and there is no doubt when the ballots are counted he will be at the head of the poll. His opponent, C. A. Magrath, M. P. is a strong man, but has lost hundreds of supporters because of his opposition to reciprocity.

Magrath Young Man Shot

Magrath, August 12.—Yesterday afternoon while with a company of young people at the St. Mary's River, west of town, Ammon J. Mercer, jr., assistant postmaster and well known in baseball circles, was the victim of a shooting accident that very nearly proved fatal. A 22 rifle in the hands of one of the young ladies of the party was accidentally discharged and the bullet struck Mercer on the cheek bone, fracturing it, and glancing downwards into the fleshy part of the cheek. He was immediately brought into town and Dr. Sanders was called. After trying for an hour to get the bullet without success, the Dr. decided to send the wounded man to Lethbridge hospital this morning. Dr. Sanders says that if the bullet had glanced upwards, it would have penetrated the brain, causing instant death.—Lethbridge Herald

Mr. Den Skouson brought a few halibuts from the stricken district on Wednesday morning. These were as large as hen's eggs, and having lain since Tuesday evening.

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $\epsilon \rightarrow 0$. It is shown that the solutions of the system (1) converge to the solutions of the system (2) in the sense of the weak convergence in the space $L^2(\Omega; \mathbb{R}^n)$.

THE CEDARS OF LEBANON

Two of the two hundred remaining cedars of Lebanon, those famous trees that have been the symbol of the Jewish people for many a long time, stand in the city of Jerusalem. So tall and beautiful were they in comparison with the trees of the forest that Jewish writers celebrated them with extraordinary praise, and from the earliest times their soft and fragrant wood was used in architecture. They were used in Solomon's temple, and in the palace which he built at Jerusalem.

The surviving trees are called by the Arabs "the Cedars of God," and under their wide-spreading branches the clergy of the Armenian Church occasionally celebrate mass.

Several of the trees in the grove are over fifteen hundred years old and have been the scene of many a religious conference of fifty. In appearance they are like giant sentinels standing guard over the majestic oak thus the cedar that is known in America.

KNIGHT ACADEMY NOTES

And now for a vigorous campaign for students. Let all "homes" for the Knight.

We welcome Mormon, Jew or Gentile students at the Knight all alike are welcome and will receive equal consideration.

Missionary students, where it is practicable, will find it advantageous to enter with the opening of the school year, as soon thereafter as they find it possible so to do.

Janitor John Christian began cleaning operations this week, preparatory to the early September opening. Every room will be thoroughly overhauled.

The Academy is very anxious to build up, along with its strong high school courses, a good preparatory department a feeder, if you please, to the Academy proper.

Watch the Academy baseball team this fall, as also the basketball team this winter.
